EXPERIENCE

HIGHLIGHTED PERSONAL PROJECTS — Remote
Full Stack Web Developer — **April 2022 – Present**

MicroFlix — This is a TV series website displaying several movies, users can like and comment on a film. It is an open-source project I built along with another developer. View the repository on GitHub

- ➔ Created the homepage layout by fetching data from a movie API.
- ➔ Created the like button functionality which stores and fetches data from an API endpoint
- Built with: (JavaScript (ES6) and Webpack)

Covid-tracker - This project is a web application for the coronavirus pandemic showing world statistics, and fetching the data from an API.

- Built with (React and Redux). View the repository on GitHub

MICROVERSE

Code Reviewer (Part-time) — (Remote) November 2022 - April 2024
- Review junior developers and new student projects.
- Deliver assistance and support to over 20 students per week by providing feedback on coding via code reviews.
- Strengthen written and communication skills while working in a 100% remote environment.

Mentor (Volunteer) — May 2022 – December 2022
- Mentor 5+ junior web developers and provide technical support through code reviews.
- Propose improvements to code organization to improve code quality and overall performance.
- Provide advice and tips to 10+ developers on maintaining motivation to maintain longevity in the program.

EDUCATION

MICROVERSE — April 2022 – April 2023
Remote Full Stack Web Development Program, Full-Time
- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Develop skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

UNIVERSITY OF IBADAN — May 2018 – April 2024
Bachelor of Science in Agricultural Engineering
